

ELEONORA

Berlin based artist Eleonora started releasing music in 2017 debuting on Stem Records. Eleonora is known to combine many genres like drone, indie, downtempo, synthwave and alternative pop in her own productions adding a unique touch with her gentle voice. The style or the singer-songwriting as well as the timbre of the voice has become a trademark of Eleonora now recognisable by many.

She also collaborated with many artists in tech-house field like Moonwalk, Dubfire, Moscoman, Nicolas Rada, Morttagua, Ery Tepshi, D-Formation, Cabaret Nocturne, Kiko, Rafael Cerato and many more.
